

Biomedical Equipment Donation Guidelines

MedCircular welcomes donations of biomedical equipment that meet these conditions:

- **Operational Condition:** Equipment must be fully functional without the need for repairs.
- **Complete Package:** All necessary accessories, cables, and related components should be included.

Acceptable Equipment Includes (but is not limited to):

- **Anesthesia Equipment:** Anesthesia machines.
- **Suction Systems:** Aspiration/suction pumps.
- **Sterilization:** Autoclaves/sterilizers.
- **Diagnostic Analyzers:** Blood chemistry and coagulation analyzers.
- **Imaging Systems:** C-Arm systems (including unit, monitor, and table), diagnostic ultrasound machines with probes, X-ray equipment (portable, dental, mammography), and X-ray view boxes.
- **Surgical Tools:** Cast saws, electrosurgical units, surgical headlamps, surgical light heads (ceiling mounted and portable), and surgical microscopes.
- **Laboratory Equipment:** Centrifuges, lab microscopes, lab refrigerators, incubators, shakers, washers, and scales.
- **Colposcopy Equipment**
- **Computer Equipment:** Essential for various biomedical applications.
- **Respiratory Equipment:** CPAP/humidifiers, oxygen concentrators, oxygen cylinders with regulators.
- **Defibrillators**
- **Dermatomes**
- **Endoscopy Systems:** Including scopes, insufflators, and light sources.
- **Exam Equipment:** Exam lights and exam tables.

- **Feeding Systems:** Feeding pumps.
- **Fetal Monitoring:** Fetal dopplers and fetal monitors.
- **Hospital Beds:** Medical/surgical or birthing beds.
- **Infant Care:** Incubators and warmers.
- **Infusion Equipment:** Infusion pumps and IV poles.
- **Otolaryngology and Ophthalmology:** Laryngoscopes, otoscopes/ophthalmoscopes, slit lamps, and surgical scopes.
- **Nerve Stimulators**
- **Patient Scales:** For both adults and infants.
- **Patient Warmers**
- **Portable Glucose Monitors**
- **Pulse Oximeters**
- **Sequential Compression Devices**
- **Blood Pressure Monitors:** Sphygmomanometers (aneroid and digital) and stethoscopes.
- **Stretchers**
- **Surgical Tables:** For surgical and delivery applications.
- **Thermometers**
- **Traction Units**
- **Ventilators**
- **Vital Sign Monitors**
- **Wheelchairs**

MedCircular is dedicated to ensuring that every donation supports sustainable, high-quality healthcare. If you have any questions about your donation or require further information, please visit our [Donate Medical Supplies](#) page or contact our team directly.
